

The following is a report of the Site meeting at Rhayader Cemetery on Tuesday 12th March 2019. The report has been approved for accuracy and content by Cllrs. Christian Walton and Veronica Jones-Davies.

Present. Carwyn Jones and Nicola PCC Cemeteries

Cllrs Christian Walton, Veronica Jones Davies, and Gill Williams

Carwyn started off by saying he had 19 Cemeteries to look after and will know 1st April 2019 what the budget is going to be. No money available for maintenance work.

Chris asked about the cost of replacing the lead which had been stolen and was disappointed to learn that PCC did not claim off their Insurance, but it came off the budget for Cemeteries.

Veronica pointed out maintenance work that needs to be carried out.  
Repairing posts which are splitting.  
Guttering need replacing/painting  
Gates needs staining  
Paths and verges need attention

Chris asked about the spare room and would it be possible for Aubrey to keep his supplies for the toilets in the spare room. Carwyn can see no problem but will get back to Council.

Chris explained how Rhayader T C are going to upgrade the toilet at the Cemetery. Unisex toilet with tap facility for people to use.

Carwyn said grass cutting at the Cemetery had been awarded to OTM from Hay on Wye.

PCC Cemeteries are looking to outsource all building work to Corporate (I am not sure of the name)

Rhayader TC are responsible for repairing/ painting all benches.2 outside 3 inside.

Just before we were leaving Chris noticed there was a leak in the roof of the porch which needs looking at.
