

Report

1. **One Voice Wales.**

I was contacted by Clive Easton (Llanwythwl Community Council & Chair of OVW B&R group) he was very disappointed to hear the RTC had left OVW. and asked us to reconsider.

I told him that the lack of OVW representative for our area and the time it takes for Mal to respond to emails was not helpful, he said that he valued our input and that RTC had made a positive impact on the B&R group and asked us to reconsider. I did tell him that whilst I personally had reservations about the decision, due process had taken place - RTC had a discussion about OVW, the cost & value for money and a vote had been taken place.

He asked if OVW could come to talk to us about all the work they do – I agreed to propose that we add OVW to our list of pre meeting speakers –

so that's my proposal let OVW tell us what we are missing out on.

2. **Rhayader Primary school**

Along with some of my fellow governors I attended a lovely leavers concert, and was delighted to join Dr John Buchan in presenting leavers trophies to some of the year 6 pupils.

Whilst to concert was excellent and enjoyable it was also a sad event as we were saying goodbye not only to the year 6 but to three loyal members of staff who have opted to take Voluntary redundancy following a reduction to their working hours.

Moving forward the school will continue to have to make these very difficult decisions due to ongoing reductions in the school budget – to that end they have launched a “JUST FUND ME”

account to raise £7000 to help fund a sensory room and nurture space
https://www.justgiving.com/crowdfunding/sensory-nurture-room?utm_id=1&utm_term=jymnJ4w2v

3. **Allotments**

We have some on- going differences of opinion / grumbles down at the allotments. In order to resolve this once and for all I will call an allotment subcommittee meeting in September to discuss the best way forward.

Thank you 😊

Cllr. Angela Davies
